Personal Statement

As a second-year digital design student with a strong interest in full-stack development, I am eager to apply my growing knowledge of both front-end and back-end technologies. My enthusiasm for learning and passion for coding drive me to continually explore new tools and techniques. I am excited to contribute to projects where I can grow my skills while delivering value to a team.

Technical Skills

- ❖ **Front-End:** HTML5, CSS3, JavaScript , React Native (Basics)
- ❖ **Back-End:** Node.js (Basics), SQL (MySQL, PostgreSQL) , Django
- ❖ **Version Control:** Git, GitHub

Education

BSc digital design

University of kent, 2022 - Present

- ❖ **Relevant Coursework:**
 - *Introduction to Programming:* Learned foundational programming concepts using Java and Python.
 - *Web Development:* Developed basic websites using HTML, CSS, and JavaScript.
 - *Database Fundamentals:* Gained knowledge in SQL and database management systems.
 - *Software Engineering Principles:* Studied software development life cycles and Agile methodologies.
 - *Video games development: game Development with C#*

College

London screen academy 2020 - 2022

- ❖ ***UAL Level 3 Diploma and Extended Diploma in Creative Practice: Art, Design and Communication: **grade-merit*****

Personal Projects

Portfolio Website

- ❖ Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my projects and skills for anyone to see.
- ❖ Implemented responsive design to ensure the website is accessible on different devices.

Designed a Website for a cake making company

- ❖ Built a platform where people can order a cake and customize to however they want HTML, CSS, and JavaScript.
- ❖ Experimented with React

Tracker App

- ❖ Developed a task tracker using React.js to learn more about component-based architecture.
- ❖ Implemented CRUD operations for tasks and utilized local storage to persist data.

Technical Skills

- ❖ **Languages:** JavaScript (ES6+), HTML5, CSS3, Python (Basics), C#
- ❖ **Frameworks:** React.js (Basics), Node.js (Basics), Express.js (Basics), Django (Basics)
- ❖ **Databases:** MySQL,
- ❖ **Tools:** VSCode

Work Experience

Bar work

The Plough, London / 2022 - 2023

- ❖ Learned to pay close attention to detail which has been useful skill that I've been able to use in all my projects for my modules and my side projects.
- ❖ Worked in a team of less than 10 people it was crucial for us to communicate to each other furthermore we worked effectively to ensure customers were served in a timely manner, tables were kept clean to a high standard.

Delivering papers (paper boy)

Red apple (Newsstand/corner shop), London | 2018 - 2022

- ❖ **Demonstrated strong time management by consistently delivering newspapers and flyers to around 40 homes each morning before school, ensuring timely and reliable service.**
- ❖ **Cultivated customer relations, by maintaining positive interactions and addressing customer needs to encourage continued business.**
- ❖ **Regularly communicated with the dispatcher, mirroring collaboration in development teams, to efficiently adjust delivery routes and optimize workflow.**

Soft Skills

- ❖ **Problem-Solving:** Enjoy tackling coding challenges and finding efficient solutions.
- ❖ **Adaptability:** Quick to learn new technologies and adapt to different programming environments.
- ❖ **Teamwork:** Experienced in working on group projects and contributing to collaborative coding efforts.

Interests

- ❖ **Tech Meetups:** Attending local tech meetups and webinars to network and learn about industry trends.
- ❖ **Sports:** Play for my Lacrosse team train during the week and play against other universities on Wednesday
- ❖ **Doing jiu jitsu at least 4 times a week**
